Name: _____

Star wheel for 20° to 30° S

Latitude band	Season	Language
20° to 30° S	November	English

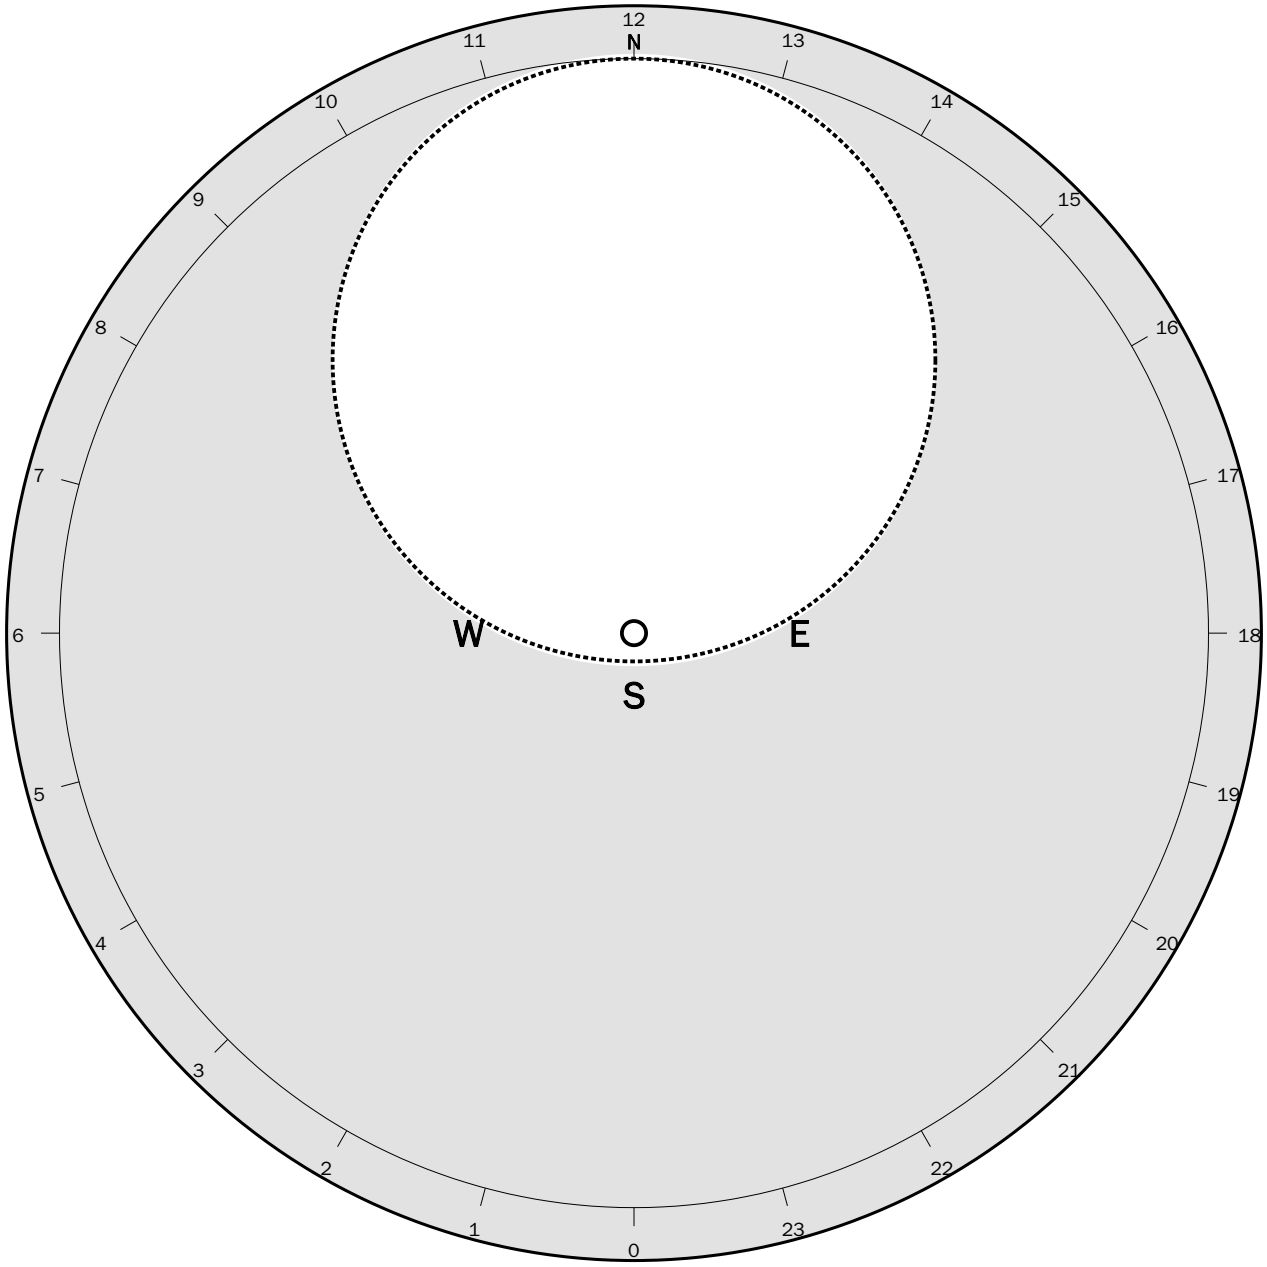

Cut out the star wheel along the outside line. The date is on its edge.
Names are the best known constellations. Face south to start.

Stars: Yale Bright Star Catalogue. The constellation figures are our own drawings.

Name: _____

Star wheel for 20° to 30° S

Cut out the plate, then the window. Pin it over the wheel through both middles (ask a grown-up). Turn the wheel so the date is at the time you look. The window shows your sky. Face south to start.

Stars: Yale Bright Star Catalogue. The constellation figures are our own drawings.
